

KAI International Meeting 2020 Virtual

[Reply Form_ Curriculum Vitae]

Name	Sang Sun Yoon	
Affiliation	Department of Microbiology and Immunology, Yonsei University College of Medicine	
Official Position	Professor	
Education	1998, B.S, Chemical Engineering, Hanyang University, Seoul, Korea 2000, M.S, Biochemical Engineering, KAIST, Taejeon, Korea 2004, Ph.D. Microbial Pathogenesis, University of Cincinnati, College of Medicine, Cincinnati, OH. USA 2007, PostDoc, Microbial Pathogenesis, Harvard Medical School, Boston, MA. USA	
Major Career (less than 5 items)	Sep. 2007 – Feb. 2009 Assistant Professor, Department of Microbiology and Immunology University of Otago, Dunedin, New Zealand Mar. 2009 – present Assistant, Associate and Full (tenured) Professor, Department of Microbiology and Immunology, Yonsei University College of Medicine, Seoul, Korea	
<p>Sang Sun Yoon is a professor at the Department of Microbiology and Immunology, Yonsei University College of Medicine in Seoul, Korea. Sang Sun and his lab members are interested in infection biology, focusing on bacterial pathogenesis and host-microbe interaction. Lately, his lab also became interested in elucidating effects of microbiome on human biology. Sang Sun characterized several commensal microbes with potential to cure diverse human diseases and microbiome-derived genes that lead to the production of useful metabolites. Sang Sun has published over 60 papers and served as editors in many journals.</p>
